HOLD A COUNTY FAIR.

Meeting of the Crow Wing County Agricultural Society.---New Officers Elected.

A meeting of the Crow Wing County Agricultural Society was held at the Y. M. C. A. on Tuesday evening pursuant to a call of J. M. Elder, secretary. About twenty-five or thirty business men and members of the society were present. The meeting was called to order and presided over by Dr. Werner Hemstead the last president of the Association, and J. M. Elder acted as secretary. The Doctor explained that the object of the meeting was to make arrangements for holding a county fair in the fall and to consider a proposition of Mr. M. K. Swartz to furnish suitable fair grounds. Mr. Swartz was called on and explained his plans for the building of a driving park and fair grounds as published in the Dispatch of Feb. 17th. Mr. Swartz also had plans of the buildings to be erected, which he exhibited to those present, and made the proposition as published heretofore of furnishing the grounds for the use of the society for a consideration each year equal to the amount appropriated by the state. At the conclusion of Mr. Swartz's remarks Dr. McPherson moved that the election of officers be proceeded with, which was carried, and the following officers were elected without opposition:

President---Dr. W. Hemstead.
Vice President---Wm. Dodd.
Treasurer---G. D. LaBar.
Secretary---J. M. Elder.
General Superintendent---Dr. G. S. McPherson.

The advisability and advantages of holding a fair and making it a success was then discussed, Messrs. G. S. McPherson, Wm. Dodd, J. J. Howe, L. P. White, Judge Holland and others making short speeches. It was finally decided to call another meeting for Saturday afternoon, March 11th, at 3 o'clock, at the Y. M. C. A. building, at which it was hoped all farmers and business men interested would be present, and further business in regard to the fair and to accepting Mr. Swartz's proposition was postponed until that time.

A motion was made and carried that the secretary communicate with the county commissioners, requesting their presence at the meeting on March 11th, and that they be instructed to invite and urge their constituents to be present on said occasion, and that the press extend an invitation to all farmers and business men to be present.

The meeting then adjourned.

DISTRICT COURT.

The March General Term will be Held
Next Week---A Short
Calendar.

The March general term of the district court will convene at the court house in this city on next Tuesday morning, with Judge G. W. Holland presiding. The term will probably be a short one, as the civil and criminal calendar is very brief. There are several cases where men have been bound over to the grand jury for various offenses, and there will undoubtedly be several indictments, all of which will be tried.

The following is a list of the cases on the calendar:

Daniel D. Smith vs. Wm. Gergen and Archie Purdy, defendants, H. J. Spencer, intervenor.
Anna Caplis vs. P. J. Murphy, receiver for W. P. Buckley, insolvent.
James M. Elder vs. The Grand Lodge of the Ancient Order of United Workmen.

Wm. A. Rogers vs. Lena M. Koop and J. H. Koop.

Elling Johnson vs. Ed. Knudson and James E. Dickson.
Libbie A. Everest vs. The Northern Pacific Railway Co.

Wm. A. Rogers vs. J. H. Koop.
W. H. Everest vs. The Northern Pacific Railway Co.

CRIMINAL CASES.

State of Minnesota vs. Alfred Erickson.

State of Minnesota vs. Frank Leopold.

MARRIED.

Mr. Clarence Morton Fox and Miss Annie Rachael Adair were married at the M. E. parsonage on Wednesday, March 1st, Rev. W. E. Loomis conducting the marriage service. Both are residents of this county.

Mr. J. W. Blake and Mrs. Rebecca Hanscome were united in marriage yesterday by the Rev. M. B. Bird. Mr. Blake is proprietor of the dairy establishment located at the west end of the Mississippi wagon bridge, where he and his bride will reside.

WANTED - TIES.

Oak, Tamarack and White Pine.
ALBERT ANOEL.

ALL FOUR DISCHARGED.

The Men Arrested for the Murder of Geo. A. Barclay Released on the Preliminary Examination.

The preliminary examination of the men arrested for the murder of Geo. Barclay last fall, occurred at Walker, commencing last Friday and continuing until Monday of this week. The men were ably defended by Judge W. A. Fleming, of this city. The testimony presented by the state, unexplained, would have made quite a case against the defendants, but under the searching inquiries of the defendant's counsel, the suspicious points disappeared, and the judge discharged all the men, Louis Beboe and Joseph DeGerrold, who were taken from the jail in this city, and A. Haywood and John Bleson, a lumberman, who were also held for the offense.

A FINE NEW LIVERY BARN

Will Be Constructed in This City Immediately on Laurel Street, by Purdy & Neuman.

On Monday Archie Purdy, the popular Laurel street livery man, and P. H. Neuman, of Little Falls, closed a deal for the purchase of the two vacant lots on Laurel street between Molstad's tailor shop and the Gardner block, on which they will build at once a fine large livery barn. These lots were the property of J. L. Starcher, of Bismarck, N. D., and the sale was made by Keene & McFadden as agents for Mr. Starcher, the consideration being \$800.

The barn will be a large frame structure veneered with corrugated iron, the dimensions of the building being 40x125 feet, or about the size of the old Gergen barn destroyed by fire on 6th street. While the building will be owned by Mr. Purdy and Mr. Neuman, the livery business will be conducted alone by Mr. Purdy. This will give Mr. Purdy, undoubtedly, the best building and location for the livery business in the city. The council will be asked for a building permit at its next meeting.

Lost His Right Arm.

Charles Rackless, proprietor of a small saw mill at Jenkins, in this county, met with a most painful accident on Saturday last. In some manner Mr. Rackless' right hand was caught by a belt and jerked into a pulley, literally tearing his right hand off of his arm just above the wrist, the bones of the wrist being crushed to atoms. He was brought to the Lumbermen's Hospital in this city, and Dr. Thabes amputated the stump and dressed the dismembered arm. At present writing he is doing as well as could be expected, considering the severity of the injury. Mr. Rackless' home is in Annandale, Wright county.

Broke His Leg.

J. O. Casey, whose home is on a claim near Sylvan Lake, was brought to the Lumberman's Hospital on Sunday from E. W. Backus' Camp No. 4, about 4 miles from Nary, with his right leg broken in three places between the knee and ankle. Mr. Casey was unloading logs, and had stepped backward to get out of the way of a log when he tripped and fell and the log rolled on him with the result indicated above.

Many varying pictures of Aguinaldo are current in this country. The Philippine chief cannot whip our army, but he may have an action for libel against newspapers in the United States.

The census bureau ought to be made a permanent institution, organized as the army and navy are, for the efficient doing of the work intrusted to its charge. Its members should be chosen, after due examination, for fitness alone, and once in ten years this permanent organization should adopt means of its own for adding to its working force, for temporary service, only the most capable persons it can find for subordinate work. So only shall we be rid of a decennial spoliage scandal.

The Americanization of Puerto Rico is an encouragingly progressive state. The inhabitants seem to welcome and appreciate all measures designed to further their social and civic well-being. It is almost pathetically suggestive that a people so long under the domination of Spanish law, in whose methods of jurisprudence habeas corpus had no place, and of whose gracious meaning they were practically ignorant, should request its application throughout the island. Much to their rejoicing, the system of direct taxation is to be abolished. Under Spanish rule, its workings were bitterly oppressive and the visit of the tax collector was the prelude of cruelty and despoilment.

The National Carbon Company was organized during January under the laws of New Jersey, with a capital of \$10,000,000, \$4,500,000 of which is in 7 per cent non-cumulative preferred stock and \$5,500,000 in common stock. The corporation will absorb the principal manufacturers of carbon supplies, particularly electric light carbons, carbon brushes for motors and electrolytic carbons for all varieties of smelting purposes. Arthur J. Eddy of Chicago, who was prominent in the organization of the American Linseed Company recently, is the promoter of the enterprise, and Chicago capital is interested. These companies are said to include the entire active carbon industry of the United States and three-quarters of the carbon industry of the world. In addition to the United States industries the new company will own a half interest in the Ottawa Carbon Company of Ottawa, Canada, which company controls the carbon industry of Canada.

In common with many other trades, the silk industry terminated a prosperous year on December 31 last. Commenting on the conditions governing the trade, the Silk Association of America, through its secretary, has this to say: "Rising prices in the raw silk markets of the world have produced a decided rise in the prices of raw silk in this market during the last thirty days. This naturally necessitates a rise in all silk products, and some of the branches of the trade have formally agreed in an advance of prices. In this country at present there are 27,000 power looms for broad-silk weaving and 6,000 for ribbon weaving. During the year there have been a number of additional plants established in this country by foreign firms, and naturally there has been some extension of facilities by our older manufacturers. While additional facilities of manufacture is a gratifying omen, it also carries with it an apprehension of facilities unduly increased. It is hardly necessary to say that overproduction is about as bad as a sluggish market—in fact, it conduces to it.

The contract required the Fox to make 22.5 knots per hour.

JAPAN AIDS INSURGENTS

CANNON, RIFLES AND AMMUNITION FURNISHED.

A Madrid Paper Claims to Have Reliable Information That Japan Is Conducting a Filibustering Game—Arms and Ammunition Landed at the Seat of the Rebel Government—The Monadnock Destroys the Cathedral at Malabon—Warships Cruising for Filibusters—Dewey Calls for 3,000 Coaling Baskets.

Madrid, March 1.—The Reforma asserts it has received letters from reliable sources at Manila saying that thirty cannon, 30,000 rifles and several millions of cartridges from Japan have been landed at Sual, on the Gulf of Lingayen, on the west coast of the Island of Luzon and about 100 miles from Manila, and have been taken thence to Malolos, the seat of the rebel government. The Reforma adds: Japan evidently intends to act toward the Americans in the Philippines as the Americans acted toward the Spaniards in the Philippines.

SMASHED A CATHEDRAL.

Monadnock Drops Shells Into Malabon Church.

Washington, March 1.—The following cablegram was received at the war department: Manila, Feb. 28.—Adjutant General, Washington: Battalion of Twenty-third Infantry sailed for Cebu on the 26th inst. A battalion of California volunteers sails for Negros to-morrow. Everything quiet here past three days.

—Otis.

Manila, Feb. 28.—The rebels at Malabon fired upon the cruiser Callao from the jungle while Admiral Dewey was visiting the Monadnock. Three shells were dropped by the monitor into the Malabon church, demolishing the structure and killing a number of rebels who were inside.

A factory at Malolos is reported to be running day and night to supply ammunition for the insurgents.

The cruiser Charleston and the gunboat Concord have gone on a ten days' cruise, presumably looking for filibusters. It is believed that arms are being landed in small quantities at northern ports.

Everything was absolutely quiet last night both inside and outside the city.

DEWEY'S REQUEST.

He Asks for 3,000 Steel Coaling Baskets.

New York, March 1.—A dispatch from Washington says: The navy department has received the following dispatch from Admiral Dewey: Secretary of the Navy, Washington: Require 3,000 steel coaling baskets.

As this was the only dispatch that had been received from Admiral Dewey since that of Friday last which caused such excitement, officials found a good deal of comfort in the negative fact it exhibited that evidently nothing very exciting in the naval line had occurred at Manila since the immediate presence of the Oregon had been requested for "political reasons."

But at the same time every one was as much in the dark regarding the admiral's sudden request for such a large number of articles that have never been used by the navy as they were regarding the urgent necessity for the Oregon's presence. There was much speculation as to why Admiral Dewey could not purchase all the coaling baskets he wanted in Hongkong, and there was a disposition to question whether he would be able to use more than a thousand baskets if he had them.

However, the confidence of the navy department in the admiral is such as to carry conviction that he must have sufficient reasons, whether political or not, for everything he asks, and an effort will be made to send the three thousand steel baskets to him if it requires a specially chartered steamer or two to carry them.

ONE MINNESOTAN WOUNDED.

A. J. Weidle, of Company H, Stops a Philippine Bullet.

St. Paul, March 1.—Gov. Lind received the following cablegram from Col. Ames, of the Thirtieth Minnesota, at Manila: Weidle, Company H, wounded in forearm. Wounded men all doing well. City quiet. Hayes, Company B, and French, Company D, are well.

CHINA WARNED.

Germany Shakes the Mailed Fist Under Her Nose.

Berlin, March 1.—During the session of the budget committee of the reichstag, the minister of foreign affairs, Baron Buelow, made a statement relative to affairs in China. He said that, in view of the anti-foreign irritation, particularly the fact that several Germans were grievously insulted and afterward assaulted at Tien-Tsin last Saturday, he had instructed the German minister at Peking to make it perfectly clear that if such acts were not severely punished, or if there was recurrence to such acts, grave consequences would ensue for the Chinese government. He adds: "We do not intend to interfere in the internal affairs of China, but duty compels us to protect the lives and property of Germans."

Protecting Germans.

Washington, March 1.—At the instance of the German government the president has consented to take under the protection of the United States army and navy commanders at Manila, and at other Philippine points, the lives and property of German subjects.

Dinner on the Dolphin.

Washington, March 1.—The last cabinet dinner of the session will be given by Secretary Long this evening on board the United States steamer Dolphin.

THE BEEF INQUIRY.

Object Lesson in Canned Beef Furnished to the Court.

Washington, March 1.—The feature of the court of inquiry into Gen. Miles' beef charges yesterday was an object lesson in canned meats prepared by the court and served to the non-commissioned men who testified at the previous day's hearing. The court had had prepared eight plates of beef, fresh beef, canned beef that had been to Cuba and back and canned beef fresh from the factory. Four plates were prepared hot in a stew and four cold, as they came from the can, the fresh beef being boiled to make it resemble the others. The enlisted men were ordered to sample each and say which was the sort they had had in Cuba. It was a trying ordeal for the men, most of them declaring that none of the plates looked anything like what they had eaten in Cuba. By repeated assurances that there was campaign beef in two of the plates, and after being urged that they should at least choose "to the best of their belief," the court succeeded in getting an expression of opinion from each of the men. An army surgeon, Dr. Bowden, kept tally on the guesses of the men and changed the positions of the plates after each witness had left the room. The result of this record was not made public, however, and will be reserved until Dr. Bowden testifies, probably some time this week. The most interesting witness of the day was Lieut. Ramsay, Ninth infantry, who had served as a commissary officer at Balquid and Santiago, and who characterized the canned roast beef as "an unpalatable and unwholesome grade of inferior meat" which he would not be willing to feed to any man, sick or well.

THE HANNA BRIBERY CHARGES.

The Committee Reports That the Charges Have Not Been Sustained.

Washington, March 1.—Senator Chandler, from the committee on privileges and elections, presented to the senate the report of that committee on the charges of bribery in the election to the senate of Hon. M. A. Hanna as made by the Ohio senate. The report sets out that no direct remonstrance setting out that Mr. Hanna was not elected or ought to be expelled from the senate had been received by the senate. He also shows that no one has appeared before the committee and that no papers have been received beyond the papers from the state senate. The committee has investigated the charges. It finds "that there is no proof submitted either of the charges [1] that Mr. Hanna had been elected to the senate through bribery, or [2] that he had any agents carrying on his canvass for the senate who were directly or indirectly authorized by him to resort to corrupt methods or to any form of wrong doing, or [3] that he had any personal knowledge of the facts of the Otis case. It may be said that there is no evidence which fairly tends to prove either of the foregoing three propositions."

In view of these facts the committee on privileges and elections have arrived at the conclusion that "the United States senate is not called upon to take any action in the premises."

A minority report, signed by Senators Turley, Pettus and Caffery, was presented by Senator Turley. This report takes the position that a further investigation should be made and enters quite fully into the statement of the case presented by the Ohio senate. The minority contend that the attempt on the part of Boyce to buy Otis' vote for Mr. Hanna is clearly proven.

TESTIMONIAL TO SCHLEY.

Old Maryland Honors Her Distinguished Son.

Baltimore, March 1.—Rear Admiral Winfield Scott Schley received from the people of this, his native, state a superb testimonial of the esteem in which he is held by the people of Maryland and of their appreciation of his services to the country during the late war with Spain. Incidentally he was cheered by the assembled thousands as he rode through the streets of Baltimore, and at night 400 of the representative men of the city and state gathered together to witness the presentation of the testimonial and join in a banquet given in his honor.

The testimonial proper took the form of a magnificent medal of gold and diamonds of great intrinsic worth and resplendent beauty, the gift of Maryland, presented in the name of the state by Gov. Lowndes.

THE MORAVIA WRECKED.

Steamer Reported a Complete Wreck Off Sable Island.

Gloucester, Mass., March 1.—Capt. William Corkum, of the fishing schooner Mondego, which has just arrived at this port from fishing trip, brought news that the overdue steamer Moravia, Capt. Ferguson, which sailed from Hamburg for Boston Jan. 18, was wrecked on the northeast bar of Sable island about Feb. 12. The Moravia was making her last trip for the Hamburg-American line, as she had been sold recently to the Loman line of New York. She was almost three weeks overdue, and it was thought the delay was due to some difficulty with her machinery. The vessel carried a general cargo, mainly for Boston firms. Both vessel and cargo were insured. She had a crew of about thirty. She was an iron vessel of 2,141 tons register, built at Glasgow in 1883.

To Search for Wellman.

Christiana, March 1.—The Morgenblad says that arrangements have been completed by which a sealing vessel will search Franz Josefland for Walter Wellman and the members of his expedition to Greenland unless the explorer returns shortly. The expedition left Tromsø, Norway, on June 26 last for the purpose of exploring the arctic regions.

Was Not Lynched.

Little Rock, Ark., March 1.—The mayor of Hope, Ark., states that the negro who assaulted a white woman has not been lynched. The officers prevented any violence being done to the culprit and he is now safe.

Eight Sailors Drowned.

London, March 1.—A dispatch from Valhi, Samoa, off the west coast of Asia Minor, says that a boat belonging to the British torpedo boat destroyer Bruiser, has foundered and eight of her crew were drowned.

GERMANY'S FRIENDLY ACT

SIGNAL MANIFESTATION OF CONFIDENCE IN AMERICA.

Orders the Withdrawal of All Her Warships From the Philippine Islands and Places the Lives and Property of German Subjects Under the Protection of the United States—A Master Stroke of Diplomacy Which Removes All Possibility of a Clash With German Interests—The Administration Promptly Accepts the Trust.

Washington, March 1.—The German government has set at rest effectually the rumors of a purpose on its part, directly or indirectly, to embarrass the United States in the Philippine islands, and has given a signal manifestation of its desire to promote the most cordial relations between Germany and the United States by ordering the withdrawal of all vessels of its navy from the Philippine islands and placing the lives and property of its subjects there under the protection of the United States.

The action taken is regarded as a master stroke in diplomacy by which will be removed all probability of a clash with German interests in and about Manila, and notice to the world, especially any Americans who entertained any suspicion of any sinister designs on the part of Germany, of the intention of the German empire to promote friendship. By its withdrawal, Germany places its affairs in the Philippines almost completely in our hands. The news of the withdrawal of Germany came at the close of a day that had been full of sensational

Rumors of a Clash

between Germans and Americans in Manila, the rumors even going to the extent of saying that Admiral Dewey had fired on and sunk a German vessel in Manila bay. These rumors spread despite the fact that the cable connecting Manila with the outer world is in charge of the United States government and that it might be reasonably expected that it would be the first news of any disaster or collision at Manila, and at the White House, war department and navy department positive denials were made. Finally, at the close of the day, and after the official close of the departments, announcement was made of the reason for the great confidence the officials had in the falsity of the rumors, the statement being authorized that by one bold stroke Germany had removed any possibility of any clash between hot-heads at Manila. It was announced that the German government had ordered its ships away from Manila, probably to their near naval station at Kiau-chau on the Chinese coast.

The announcement was coupled with the statement that the German vessels were needed there. This may be the case, for the story has come to Washington that the Chinese have been

Abusing German Citizens

almost in the shadow of the Chinese capital at Tien-tsin. The Germans are prepared to meet such affairs by punitive measures, and as Tien-tsin is the head of navigation on the Pello river just below Peking, it may be the purpose to send some warships up the river to convey an idea of the German displeasure. The German government followed its announcement to the state department of a purpose to order its vessels away from the Philippines with a formal application to the United States government to undertake the protection of all the Germans in the Philippines, not only in person but in property. This was regarded as a signal manifestation of confidence that the administration felt could not be resisted, and as practically formal notice that the Germans have no ulterior purpose in the Philippines, and rather than be subjected to suspicion on that score has taken the course of turning over the care and welfare of their citizens to the American government. The administration promptly accepted the trust and there will be no German ships at either Manila or Uolo to disturb the relations of the two countries or form the basis of sensational and false rumors.

SENATOR DAVIS SPEAKS.

Senior Senator Addresses the Minnesota Legislature.

St. Paul, March 1.—Senator Cushman K. Davis addressed the members of the legislature in the hall of the house yesterday afternoon. The greatest public interest was manifested in the address and there assembled an audience that was only limited by the capacity of the house chamber, packed to the doors and to every corner. Very many ladies were included in the number. Senator Davis was at his best, and for half an hour charmed every ear with his eloquent discussion of the one topic in which public interest is now centered, the present and future of the relations between the United States and the Philippines. Senator Davis' address was received with every manifestation of approval.

Advertising Swindlers.

New York, March 1.—The grand jury indicted Samuel Phillips and George Hastings, of the advertising firm of George Hastings & Co., on the charge of obtaining advertising contracts under false pretences. The amount involved is more than \$200,000, and the victims number hundreds and are in all parts of the country.

Tom Allen Acquitted.

St. Louis, March 1.—Tom Allen, at one time heavy-weight champion pugilist of the world, who shot and killed John Conroy in the former's saloon last week, was acquitted by the coroner's jury. Allen's plea was self defense, and the jury found the shooting justifiable.

The Pope Is Sick.

Rome, March 1.—The pope has been taken suddenly ill and his audiences have been suspended. He will remain in bed all day.

WORK OF CONGRESS

Washington, Feb. 22. — Formal discussion of the Hull-Hawley army reorganization bill was begun in the senate yesterday afternoon. Mr. Hawley and Mr. Warren, Republicans, supported the measure and Mr. Mitchell and Mr. Cockrell, Democrats, opposed it, while Mr. Porter, Republican, addressed the senate in favor of some amendments which he had proposed to the bill. All the speakers are members of the committee on military affairs. Mr. Cockrell's speech, though brief, was particularly notable, as he spoke definitely for the opposition to the army reorganization bill. He declared practically, in so many words, that the Hull-Hawley bill could not become a law at this session. He and those who stood with him were willing to give the president all the money and every man he desired, but they were determined that no great standing army should be fastened upon the country without full and free discussion. The postoffice appropriation bill was passed. Mr. Butler of North Carolina and Mr. Pettigrew of South Dakota having concluded their speeches.

Soon after the senate convened Mr. Pettigrew presented resolutions of the legislature of South Dakota urging the senators of that state to support the treaty of peace. Commenting upon the resolutions Mr. Pettigrew said that he denied the right of the legislature to instruct him, although he was always glad to hear from that body.

The house reached the last page of the naval bill yesterday and adjourned with a point of order pending against the provision fixing the price of armor plate at \$545 per ton. The provision in the bill went out on a point of order on the ground that it was not limited to the armor to be purchased with the appropriation in the bill whereupon it was modified to meet this objection, and against it the point of order pending an adjournment was raised. Much of the time was occupied in debating the amendment offered by Mr. Mudd (Rep., Md.) appropriating \$720,000 to complete the three buildings authorized to be erected at the naval academy at Annapolis. The naval committee, with the exception of Mr. Cummings, strenuously opposed proceeding with the work of rehabilitating the naval academy until comprehensive plans had been decided upon, but the house overruled the committee and adopted the amendment. Two important provisions in the paragraph providing for the constructing of new ships went out on points of order. One provided that no more than two battleships, two armored and two protected cruisers should be built at any one yard, and the other provided that no bid for the construction of ships should be entertained from any firm or company which had not at the time of bidding an adequate plant.

Washington, Feb. 23. — The house inaugurated the session by listening to the reading of Washington's farewell address on Washington's birthday. The address was read at the request of Mr. Bailey of Texas, the Democratic leader. Two hours were devoted to the naval appropriation bill, but, seemingly, only the threshold of the debate upon the cost of armor plate has been passed. Mr. Boutelle's amendment fixing the maximum price of armor plate at \$545 per ton, but restricting the provision to the appropriation made in the present bill, was ruled out of order, whereupon another proposition was offered by Mr. Underwood of Alabama for the erection of an armor plate plant by the government. A point of order against the latter proposition was pending when the consideration of the naval bill was suspended to allow the members of the house to pay tribute to the memory of the late Senator Morrill of Vermont.

The session of the senate was devoted to two special orders, reading Washington's farewell address, an annual custom of the senate on Washington's birthday, and the pronouncing of eulogies on the late Senator Morrill.

Washington, Feb. 24. — The naval appropriation bill finally passed the house after four days of acrimonious debate, most of which was spent upon the question of rehabilitating the naval academy at Annapolis in accordance with the scheme inaugurated by the appropriation of half a million dollars in the last naval bill and the proposition to increase the maximum price to be paid for armor plate to \$545 per ton, existing law limiting it to \$400. Upon both propositions the naval committee suffered signal defeats. The amendment to build a great armor plant was ruled out upon a point of order, but after a rancorous debate, in which the price to be paid for armor was cut down from \$545, the price which the committee insisted was being paid for the new Krupp armor, to \$445, and a proviso was also added precluding the government from paying more than was paid by any other foreign government for similar armor. When the bill was reported to the house Mr. Boutelle attempted to secure a reversal of the verdicts of the committee of the whole on the naval academy and armor plate amendments, but in both cases he was defeated, a motion to recommit the bill, made by him, being voted down—151 to 79.

Another victory over the committee was secured by the adoption of a provision to the naval bill creating the rank of admiral of the navy. This was accomplished by Mr. Moody of Massachusetts, who offered a copy of the senate bill creating this rank as an amendment to the naval bill. The amendment was clearly subject to the point of order against it raised by Mr. Boutelle, but the sentiment of the house was so apparently unanimous in favor of the amendment that he withdrew the point of order and it was adopted without a dissenting vote. The naval committee had amended the senate bill so as to also create the rank of vice admiral, but Mr. Moody's amendment was the original senate bill without the latter provision.

During the entire session yesterday until 5 o'clock the senate had under

consideration the river and harbor bill. Good progress was made, eighty-nine pages having been disposed of, with the exception of one amendment. The bill consideration will be resumed to-day.

Washington, Feb. 25. — During the general debate upon the army appropriation bill in the house yesterday Mr. Johnson of Indiana, who made several notable speeches violently attacking the policy of the administration during the consideration of the army reorganization bill a fortnight ago, returned to the assault and delivered against the president and some of his advisers the most scathing philippic heard in the house for months. He sneered at the president and the influences which he said controlled him, impugned his motives, questioned his sincerity and likened him to Dickens' most contemptible character; charged his secretary of war with incompetency and predicted that the president would in the end be engulfed by adverse public sentiment.

Mr. Landis, one of his Republican colleagues from Indiana, briefly stated to the house that Mr. Johnson's constituents had repudiated him, and the two members had a wordy duel. Later in the day Mr. March of Illinois replied to some of Mr. Johnson's strictures, but the Republican leaders had evidently decided to ignore the attacks of the Indianan, and no general reply was made to his speech. The army appropriation bill was lost sight of in the general discussion of the policy of the government relative to the Philippines, and several notable speeches were made, particularly that of Mr. Settle of Kentucky. The general debate upon the bill closed and to-day the bill will be taken up for amendment under the five-minute rule.

After a session of nearly eight hours yesterday the senate passed the river and harbor bill by the decisive vote of 50 to 3. The measure was under consideration throughout the day, and on several of the committee amendments a determined fight was made, but in every instance the opposition availed nothing. The sharpest contest arose over the Nicaragua canal bill amendment. A point of order was made against it that it was general legislation, but the senate, to which the vice president submitted the point, overruled it. It was then attacked as not being relevant to a river and harbor measure, but this, too, was overruled by the senate. Mr. Pettigrew of South Dakota, Mr. Rawlins of Utah and Mr. Teller of Colorado vigorously attacked the bill, their opposition being directed especially against the canal amendment. The statement was made that the measure would never see the light of day in the house and that the canal would not be built under the proposition inserted in the bill. During the afternoon Mr. Sewall of New Jersey delivered a speech in support of the Hull-Hawley army reorganization bill, in the course of which he declared that the United States was now as much at war in the Philippines as it was with Spain when our army was before Santiago. He expressed the belief that it would require an army of 50,000 men to control the Filipinos, and that we were likely yet to have serious trouble in Cuba.

Washington, Feb. 27. — After two hours devoted to the consideration of bills on the calendar the senate at 1 o'clock began the consideration of the compromise army reorganization bill which had been agreed upon by the members of the military affairs committee. Until a short time before the measure was taken up it was supposed it would be passed during the day without serious difficulty, but when it was learned by some senators that the bill provided for a permanent increase in the standing army objections were heard and it became evident that the measure would have to run the gauntlet of sharp criticism. Mr. Gorman declared that no authorization of a permanent increase in the army should be given, and prepared an amendment as follows:

"That each and every provision of this act shall continue in force until July 1, 1900, and on and after this date the officers and men, including general officers and staff officers, shall be restored to rank and numbers as provided for by law prior to April 1, 1898, except the cadets appointed prior to July 1, 1901, and except as provided for in the act to authorize two additional regiments of artillery approved March 8, 1898."

Mr. Cockrell, who has consistently opposed a large standing army, gave the pending measure his support, declaring it was the best army measure ever submitted to congress. No agreement to vote on the bill had been reached when the senate adjourned.

The house continued work on the army appropriation bill, but failed to complete it. Considerable animosity was developed during the debate, and there was sharp passages between Mr. Grosvenor and Mr. Cannon on one hand and Messrs. Simpson and Cockrell on the other. The senate bill granting a right of way through the Nez Perce Indian reservation to the Clearwater Short Line railroad, was passed; also the senate bill to compensate certain persons for private property in the Yellowstone Park.

Washington, Feb. 28. — After a contest that will be memorable in the history of the senate the compromise army reorganization bill was passed last evening at 7:10 by a vote of 55 to 13. When the senate convened at 11 o'clock it seemed more than likely that the bill might not be passed during the day. Mr. Gorman of Maryland insisted that his amendment providing that the army should not be increased permanently or beyond July 1, 1901, be incorporated in the measure. For several hours it appeared probable that this insistence at least would throw the bill over until to-day, and, perhaps, defeat it. An agreement was reached finally, however, and Mr. Gorman's amendment, in a slightly modified form, was accepted. The notable speech of the day against the measure was delivered by Mr. Vest of Missouri, but his brilliant eloquence availed nothing against the measure as finally agreed upon.

Last night the senate took up the sundry civil bill and completed its reading, all the committee amendments be-

ing agreed to except those relating to the District of Columbia. The bill was laid aside to be completed to-day.

The house. The house was in session seven hours yesterday and sent to the senate two more appropriation bills, the army, which has been under consideration for several days, and the fortifications. The former carried about \$79,000,000, and the latter approximately \$4,700,000. The final conference report upon the Indian appropriation bill was also adopted. The only amendment of importance attached to the army bill was one giving two months' extra pay to enlisted men in the regular army who served beyond the limits of the United States during the war with Spain, and one month's extra pay to those who served in the United States. The discussion of the administration's policy relative to the Philippines which has been occupying the attention of the members to the exclusion of almost everything else during the consideration of appropriation bills for the last two weeks was continued, several speeches being made on the subject. Mr. Dockery of Missouri, the leading Democrat on the appropriations committee, asserted that the appropriations for this congress would reach \$1,600,000,000.

WISCONSIN LEGISLATURE.

A Number of Bills Passed in Both Houses.

Madison, Wis., Feb. 28. — When the legislature reconvened last night Assemblyman David Evans, Jr., of Wausau county, chairman of the special election last week as successor of the late Assemblyman W. S. Hughes, was sworn in. A number of bills were passed by both houses. In the senate the McGilivray bill providing for a distribution of state appointive offices among the different counties in accordance with their population, was made the special order for Thursday evening. The senate passed the Maller bill appropriating \$50,000 as a contingent fund for the prevention of cholera and other contagious diseases. The assembly passed the Vandercok bill appropriating \$10,000 for the improvement of the state house. The regular legislative session will be given at the Park hotel this evening by Lieut. Gov. and Mrs. Stone. Gov. and Mrs. Scofield are in California. Assemblyman Daggett, father of the anti-tight lacing resolution, said that Mrs. Daggett was so incensed at his notoriety that she refused to come to Madison to attend the reception.

GERMANY'S WILD SCHEME.

Said to be Planning a Coup in Eastern Waters.

San Francisco, March 1. — The Evening Post prints a startling story to the effect that Germany is planning a coup in Eastern waters. She is alleged to be massing a fleet at Marshall islands, between Hawaii and Manila, cutting off Dewey's line of communication and planning with Russia and France to make a descent on Manila. The story says that the kaiser is negotiating for the purchase of five warships from Chile and Argentina to strengthen the Pacific fleet. It is asserted that the facts come from a general officer of the German army. The Post printed the story that Guam was to be seized before the fact came out at Washington. Otherwise not the slightest credence would be placed in the allegations of a German plot.

FOR JAPAN'S NAVY.

Final Inspection of the American-Built Cruiser Chitose to Be Made.

San Francisco, March 1. — The Japanese cruiser Chitose will be placed in the dry dock so that the naval constructors of the Japanese navy may inspect her plates below the water line and her propellers before finally accepting the vessel from her builders. When she comes off the dock she will fly the Japanese flag, and will become the crack ship of the mikado's navy.

EGG CORNER BROKEN.

Wholesale Price Drops 20 Cents a Dozen in Cleveland.

Cleveland, March 1. — The egg famine in this city is at an end. The wholesale price dropped to 20 cents a dozen. This is a decline of 20 cents a dozen since Saturday. The receipts were very large, shipments coming from all parts of the country. The general impression among commission dealers is that the decline in prices is permanent.

TRIP TO NORWAY.

Crown Prince Gustaf Will Spend a Month There.

Chicago, March 1. — A cable to the Record from Stockholm says: For the first time in his life Crown Prince Gustaf is to take up his residence in Norway. He will leave Stockholm March 3 for a month's stay in the western peninsula. The departure is taken from motives of policy.

RED HAT FOR IRELAND.

Again Comes the Report That He Is to Be Made a Cardinal.

London, March 1. — The Rome correspondent of the Daily News says he learns on reliable authority that Archbishop Ireland will be created a cardinal at the next consistory.

Coal Men to Strike.

Little Rock, Ark., March 1. — The Western Coal and Mining company has posted an ultimatum to their employees at all their mines at Denning, Coal Hill and Jenny Lind, stating that none of their demands would be granted. The miners refuse to yield, and the 4,000 men or more will quit work.

Blizzards Killed Cattle.

Denver, March 1. — President W. J. Springer, of the National Live Stock association, after a personal investigation of the condition of the cattle in Texas, places the loss from the blizzard at 10 per cent. This is the most serious loss since 1886, when over 90 per cent of the range cattle perished.

Applying for Receiver.

Louisville, Ky., March 1. — Various stockholders, headed by J. H. Helden, have filed suit for the appointment of a receiver for the Louisville Dispatch.

Petitions aver that the paper has been run at a loss of \$1,300 monthly for a long time, and its present liabilities are \$40,000.

THE LEGISLATURE

Business Transacted by Minnesota Senate.

St. Paul, Feb. 22. — The senate yesterday joined with the house and passed the beet sugar bounty appropriation bill over Gov. Lind's veto by a vote of 46 to 16. Three Democrats voted with the Republicans, namely, Johnson of Nicollet, Baldwin of Duluth and McNamee of Ramsey, the Duluth delegation voting as a unit in opposition to the governor. The only absent member was Senator Reeves of Pope, who was sick. Contrary to expectation there was no preliminary debate.

The following bills were introduced:

To regulate primary elections, providing for direct primary elections. To regulate and provide for the cutting of weeds and grass on public highways or streets in cities of less than 50,000 inhabitants; passed under suspension of the rules.

The House.

The following bills were passed:

Allowing grain upon which there is a lien for threshing to be sold upon giving bond. — Amending the law governing the Children's Home society. — Providing that upon forfeited tax sale the amount received after the state tax is paid shall be prorated among the funds for which the original tax was levied. — Amending the statutes relative to admissions to practice law. — Providing for uniform teachers' certificates. — Putting village lock-ups under the supervision of the state board of corrections and charities. — Regulating the sale of binding twine manufactured at the state prison. — Fixing the time for holding general terms of the district court for the First judicial district in Godhus county.

The following bills were introduced:

To regulate bicycle riding. — To authorize city councils to fix the territory within which liquor may be sold. — To prevent the mutilation of horses. — For the protection of the public health in the slaughter of cattle, sheep and swine. — To appropriate \$4,500 for an artesian well for the state training school and other purposes. — Providing for condemnation of right of way by street railway companies in certain cases. — To appropriate \$23,000 for the state training school for each of the years 1900 and 1901. — To appropriate \$5,000 for hospital and for other purposes at the state training school.

St. Paul, Feb. 24. — The senate put itself on record yesterday as being in favor of giving the McGowan eight-hour bill a fare shake, at least, by supporting the report of a majority of the committee on labor, which had transmitted the bill to the senate. After some debate the bill was placed on general orders.

The following bills were passed:

To fix the salaries of judges of probate court in counties of not less than 28,000. — Establishing a board of equalization in cities having a population of less than 4,000, makes the board of aldermen the board of equalization. — To provide for a poll tax on dogs and constituting a fund for the liquidation of damages caused by the same and providing for a penalty for violation thereof. — To amend section 18, chapter 145, General Laws 1895, etc., and providing for the election of assessors in incorporated villages. — To encourage a better condition of village schools, and appropriating \$50 for each school.

The following bills were introduced:

To confer jurisdiction of district court in certain land cases in adjoining counties. — To legalize electric light and water works bonds voted on in cities of 10,000 or less, and issued under chapter 204, Laws of 1893. — To provide for the state inspection and condemnation of live stock to be killed for food. — To encourage the manufacture of sugar in the state. — To encourage the growing of sugar beets in the state. — To amend the statutes of 1894 relating to exemption from taxation. — To prevent boycotting, blacklisting any lawful business or employment. — To amend the laws so that all public roads must be at least four rods wide. — To prevent the abandonment of side and spur tracks, stations, etc., without notifying the railroad and warehouse commission. — To authorize common councils to reduce and rebate assessments for local improvements in certain cases.

The House.

Interest in the house proceedings yesterday centered largely about the new bills which were introduced. The most important bill is a substitute for Mr. Pugh's bill which designs to pay the members of the national guard who assembled at Camp Ramsey last April and May, and were subsequently enlisted as volunteers, for the time that elapsed between assembly and muster, at the per diem provided by the state military code.

The following bills were passed:

To amend the law regulating the practice of pharmacy. — To amend the law governing the soldiers' home so as to allow the admission of volunteer soldiers of the Spanish war. — To allow the consolidation of election districts in certain cases where the number of voters in two adjoining districts has decreased below 400.

The following bills were introduced:

To authorize mutual insurance companies to organize stock companies. — To appropriate \$1,000 for maintaining and improving the grounds owned by the state at Camp Release, Lac qui Parle county. — Conferring jurisdiction upon district courts in two counties in actions affecting title to land. — Relating to stopping passenger trains at county seats. — Providing for suits against the State of Minnesota in actions affecting the title of real estate. — Providing for refunding the amount which shall be paid by purchasers of property sold pursuant to chapter 290, General Laws of 1897, and by assignees of the interest of the state acquired by sale pursuant to said law with 7 per cent interest in certain cases. — To authorize the common council or other governing body of municipalities to reduce and rebate assessments for local improvements in counties where the provisions of chapter 290, General Laws 1897, have been made applicable. — To amend the laws relating to assessments and local improvements.

St. Paul, Feb. 25. — Senator Miller

DEMOCRATIC POLICY.

House Members in Caucus Consider the Philippine Question.

Washington, March 1. — At a caucus of the Democratic members of the house of representatives held in the hall of the house last night the following declaration of policy and resolutions as to the Philippines were adopted:

"We hold that the constitution of the United States was ordained and established for an intelligent, liberty-loving and self-governing people, and cannot be successfully applied to people of different virtues and conditions. We therefore hold that a colonial policy is contrary to the theory of our government and subserve of those principles of civil liberty which we have been taught to cherish. We believe, with the declaration of independence, all governments derive their just powers from the consent of the governed, and we are unalterably opposed to the establishment of any government by the United States without the consent of the people to be governed, and in conformity with these principles we instruct the minority members of the foreign affairs committee to introduce and urge the following resolution:

"Resolved, That the United States hereby disclaims any disposition or intention to exercise permanent sovereignty, jurisdiction or control over the Philippine islands, and assert their determination when an independent government shall have been erected therein to transfer to said government upon terms which shall be reasonable and just all rights secured under the cession of Spain, and thereupon to leave the government and control of the islands to their people."

TOO MANY WARSHIPS.

Senate Committee Recommends Six Instead of Twelve.

Washington, March 1. — The senate committee on naval affairs held a meeting for consultation on the naval appropriation. Although the bill will be considered by the appropriations committee, recommendations of the naval committee always receive attention when the bill is considered. The committee has decided to antagonize the house increase of the navy and the committee recommend only six new war vessels, instead of twelve provided for in the house bill. The senate committee will recommend two battleships, two armored cruisers and two light cruisers. The committee will not recommend any increase over the house price of \$445 per ton for armor.

END OF THE REVOLUTION.

Nicaraguan Government Troops Defeat the Insurgents.

Managua, Nic., March 1. — The government troops under Gen. Rouling, from Greytown, attacked and captured the bluff in front of Bluefields. Gen. Reyes, the insurgent leader, fled for protection to the British consulate at Bluefields. He will surrender without further resistance, thus closing the revolution. Gen. Rouling also captured a schooner near Money Point containing some twenty-six refugee Nicaraguans who were en route for Bluefields.

THROUGH THE LINES.

Spanish Commissioners Permitted to Pass for a Conference With Aguinaldo.

Manila, March 1. — The Spanish commissioners, Senor Rosalio and Abogado, were permitted to pass our lines to confer with Aguinaldo with reference to the Spanish prisoners at Malolos. They returned through the lines near Calocan with sealed dispatches for the Spaniards. They said Aguinaldo and Sandiko are both at Malolos.

Factory Closed Down.

Alexandria, Ind., March 1. — The 800 employees of the American Plate Glass company went on a strike because a notice had been posted that the gangs of workmen in one department were to be reduced to two men. The factory has been closed down.

Destroyed by Fire.

Wichita, Kan., March 1. — The monster smokehouse of the Jacob Dold Packing company, together with its contents of 40,000 pounds of meat, was destroyed by fire.

Burglars Blow Killed Him.

Allentown, Pa., March 1. — Dr. Daniel F. Harkins died at the home of his parents from the effects of a sandbagging he is alleged to have received at the hands of burglars in Hoffer's hotel, New York, on Jan. 22.

Russia Protests.

London, March 1. — The Peking correspondent of the Times says: "The Russian government has protested to the tsung li yamen against the terms of the Niu-Chwang railway extension loan recently subscribed in London."

Barriers Blow Killed Him.

Allentown, Pa., March 1. — Dr. Daniel F. Harkins died at the home of his parents from the effects of a sandbagging he is alleged to have received at the hands of burglars in Hoffer's hotel, New York, on Jan. 22.

NEIGHBORHOOD NEWS.

Items of Interest in Neighboring Towns
Gleaned from Exchanges and from Special Correspondents.

The St. Cloud Journal-Press says that L. J. DeMuelles, the traveling man, has just received word that an English syndicate has recently made an offer of \$52,000,000 for the three mines belonging to the estate of his murdered cousin, Amos J. DeMuelles in Old Mexico. This paper printed an account of the murder of DeMuelles by a Mexican halfbreed some weeks ago. Mr. DeMuelles' relatives of Minneapolis are down in Mexico settling up the big estate and each member of the family expects to receive a proportion of the immense fortune to be distributed among the heirs. He is worthy his good fortune and his friends through the state will wish him the fortune to get it all.

A man giving the name of E. P. Sherman victimized several merchants in St. Cloud the first of the week. His plan was very smooth and worked all right. He deposited three or four hundred dollars in a local bank, and then made several small purchases about town giving checks in payment, which were promptly paid by the bank. When he had established his credit in this manner, he went around and made large purchases, a fine suit of clothes at one point, a fine gold watch at another, and other expensive purchases at other places, and gave checks in payment, and then went to the bank before they were presented and drew his money and left for parts unknown.

CROW WING CRUMBS.

W. W. Hutchins went to Brainerd today.

Mr. Kerr expects to move to Brainerd this week.

Mr. Willis, of Brainerd, was at Crow Wing Wednesday on business.

Eugene Everest, who has been at Sauk Rapids for a few weeks returned home Saturday.

There is to be a grand entertainment at the school house tonight by Prof. O. Carlson.

The candy pull at Mr. Kerr's, in honor of Miss May, was well attended and all report a splendid time.

Miss Marion Phelps is improving slowly. Her many friends will be pleased to learn that she is able to sit up.

GARRISON GEMS.

Mrs. Wm. Huffman has been very sick the past week.

Mr. Dan Dyke, of Fergus Falls, is visiting relatives at Garrison.

Joe Avery is all smiles over the arrival of a bouncing baby boy.

Frank Benjamin has received the sad news that his only sister is not expected to live.

There was a dance at Mr. Francis' on Tuesday evening. It was a surprise on Walter Workman.

Mr. A. Bryant expects to leave for the southern part of the state the last of this week, where he says there will be no owls to bother him.

Several new buildings are going up in our country this spring. Chas. Wunderlick, Berger Anderson and Perry Varner are preparing to build houses, and Hiram Scott is arranging to build a fine new barn 30x30.

GRANDMOTHER GARBOO.

KATRINE GLEANINGS.

Elsie and Earl Archibald visited at Katrine on Saturday.

R. J. Maghan has contracted to put in a lot of logs for G. W. Scott.

Miss Minnie Ham has returned to her home at Brooklyn Center. She will be sadly missed from our literary gatherings.

P. C. Wasserzieher, county superintendent of schools of Aitkin county, and his brother, attended the entertainment Saturday evening.

The children at Katrine will remember the last day of school for some time, owing to the generous hospitality of G. W. Scott, who gave a supper at the camp on that evening. They were all allowed to attend in company with their "sisters, their cousins, and their aunts." They spent the evening playing games, Mrs. C. Wilson carrying off the prize, one of Mr. Brockway's famous mince pies, as the best gamester of the evening. The supper which Mr. Brockway and his cookee spread before the host was a

marvel of skillful cooking. It is now conceded that Mr. Scott's camp is the banner camp of the woods.

The entertainment given at the school house on Saturday evening met with a due share of appreciation. There was a well filled house and the programme consisted of music on the violin by Rev. Wilber Hunt, W. H. Hill and Hallie Pringal, on the guitar by Mrs. Hill, on the organ by Mamie Coleman and Edna Young, on the autoharp by Milton Hunt, and on the harmonica by Bert Skilling. Mr. Kibbe, of Bennetville, and C. A. Hunt furnished the vocal music. Recitations were given by Misses Ham and Coleman, assisted by the members of the school and Messrs. Wheeler and Gatewood, and were well executed. Mr. Will Coffin, of Deerwood, gave a very interesting lecture on "Phrenology" and Mr. Larson, as captain, exhibited a squad of eight boys in uniform who went through the military drill according to the latest army tactics. Mr. Larson deserves great praise for his patient efforts in behalf of the boys. W. H. Hill gave a "Cullud Lecture" in costume and also performed with the bones in a manner to make any darkie pale with envy.

FOR THE PUBLIC GOOD.

The Information Contained in This Paragraph is of More Value than Anything else in the Paper.

The average man is a doubter. It is due to this fact that we constantly make strides in science and physics. In the face of such evidence as is presented below no man in Brainerd possessed of ordinary common sense, can doubt. If any exist call on Mr. H. J. Hagadorn, of 123, 9th street north, and ask him if the following is not literally true.

Mr. Hagadorn says:—I thoroughly believe Doan's Kidney Pills act up to their representations. In making this statement I base my opinion on the following: For thirty years I had more or less trouble with my kidneys. Some attacks laid me up, during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by and complaint became more pronounced, difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred, to check them, to obtain relief, and even to help me to tide them over. If I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills. When suffering severely I got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything else hitherto tried, and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences, but at the present moment, and it is now some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give minute details and substantiate the above statement in a personal interview.

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute. For sale by the McFadden Drug Co., and Johnson's Pharmacy.

The Band Concert.

The concert given by the City band at Gardner's hall on Friday evening last was a revelation to many of our citizens. Few realized that the band had made such rapid strides recently, although it has been an excellent organization for several years past, hence all present were most agreeable surprised to hear the most difficult overtures by the masters of the musical world rendered in a manner that would have reflected credit on the most famous organizations of the country. The remarkable proficiency attained by the members of the organization is due in a large measure to the untiring and unceasing efforts of Prof. Dresskell, but he undoubtedly felt repaid for his arduous labors by the rounds of applause that greeted every number on the program. The program as printed by the DISPATCH last week was observed, the vocal selections by the Aeolian Quartette and solos by Miss Maybelle Davis and S. F. Alderman receiving equal appreciation. Al. Mattes in his character song as usual took the house by storm.

Each of the ladies and gentlemen on the program and each member of the band was presented with an elegant souvenir silk badge and boutonniere. All present pronounced it the most enjoyable occasion of the season.

Card of Thanks.

I desire to express my heartfelt thanks to the many kind friends and neighbors, who so generously extended aid and sympathy during my recent affliction, and to the ladies and scholars of the Congregational church and the Lady Maccabees, I am especially grateful for aid and sympathy.

Change in Time.

A new time card will go into effect on the N. P. on Sunday March 12th, at which time the company will put on two through trains to the coast shortening the time seven hours making the fastest trains to the coast, not excepting the "Great Northern Flyers" which are so extensively advertised. To do this the trains will have to make an average run of thirty three miles an hour including stops. This will mean an average speed, while running, of over 40 miles an hour, and on the plains of Minnesota and Dakota a much higher rate to make up for time lost in the mountain districts. The time of the local trains will not be changed a great deal. No. 5 will leave St. Paul at 8:15 arriving here about 1 p. m., instead of 1:50 as at present. No. 6 will leave Fargo at 7:30 arriving here as at present about 12:00. The train from Duluth will arrive at about 12 o'clock noon instead of 5:40 p. m., and the other Duluth trains will run about as at present. THE DISPATCH will publish the corrected time card next week.

A GOOD INDIAN.

Mille Lacs Indians Reported all Drunk and Fighting With Axes, Clubs, and Other Weapons.

On Tuesday night Fred Luken, Frank Bredfeld and Truman Bean returned from the town of Lawrence, in Mille Lacs county, where Mr. Luken has been conducting a branch store. Lawrence is right on the shore of the lake in what was the Mille Lacs reservation, and Mr. Luken conducted his store there for the purpose of trading with the several hundred Indians remaining there. The Indians were paid by the government on Wednesday of last week, and according to these gentlemen, haven't been doing anything but drinking and fighting ever since.

On Saturday night an Indian, whose name they could not learn, was killed by another Indian, name also unknown, by having his brains battered out with a big heavy club about three or four inches in diameter and about three foot long, which Mr. Bredfeld brought back with him, and now has in his father's business place on Front street. It is all spattered with blood and presents a gruesome appearance. The murder occurred just in the rear of Mr. Luken's store, and although they did not see the murder, they heard the cries of his victim, and went to his assistance, but arrived too late. The murderer made his escape. The authorities of Mille Lacs county were not notified of the affair, and the following day the Indians buried the murdered man.

The murder seems to be a case of revenge. The man who was killed is said to have murdered an Indian at Knife Lake, for which he is wanted by the authorities at Mora, and for which he is said to have been indicted, and the man who did the killing is said to be a relative of the Knife Lake victim.

The gentlemen also report the Indians all drunk and fighting with clubs and axes and other harmless weapons incessantly. A squaw was struck by an axe and severely hurt the same day, and bruised and battered Indians were seen in every direction. Each Indian is said to have a bottle or jug of whiskey, which they seem to be able to get at Mora, 25 miles distant, in unlimited quantities.

WANTED—Jack Pine ties.

M. J. REILLY.

DEATHS.

John Swanson, aged 50 years, died at the Sanitarium on Tuesday, Feb. 28th, of liver complaint. He was brought there from Montana for treatment. His remains were interred on Wednesday, March 1st, in Evergreen cemetery, Rev. J. G. Johnson conducting the services at the grave.

Mrs. Julia Nesheim, wife of J. K. Neisham, who lives eight miles east of the city, died on Sunday, February 26th, of consumption, aged 30 years. The funeral services will occur at the family residence on Sunday, Mar. 24, Rev. Grove, of this city officiating, and the interment will occur on the farm.

The remains of Mrs. H. S. Sercombe, of Chicago, arrived in the city on Wednesday noon for burial. Mrs. Sercombe was a sister of Walter and Frank Bacon of this city, and died at her home in Chicago on Jan. 16th, of heart disease. Mr. Sercombe and daughter accompanied the remains. They were interred in Evergreen cemetery, Rev. Gallagher conducting a burial service.

J. L. Evenson died at his home on Third avenue in East Brainerd on Wednesday, March 1st, of cancer of the stomach, aged 54 years. Deceased was employed at the shops as a pattern maker and leaves a wife and family to mourn the death of a husband and father. The remains will be shipped to St. Paul for burial.

The remains of E. E. Aldrich, formerly of this city, but recently a resident of Grand Rapids, Minn., were brought to this city yesterday from Grand Rapids, where he died of pneumonia, and was today buried in Evergreen cemetery by the side of his wife who was laid to rest there some nine years ago. Rev. W. E. Loomis conducted the burial services at the grave. A. A. T. Stevens and Fred Stevens, of Ashtabula, N. D., were in the city to attend the funeral. The former gentleman is the father and the latter a brother of deceased's wife.

The Brainerd Public Library Association desires to make the following announcement to the public: Owing to the election of the Hon. Washington Gardner to congress the last number of the library course entertainments has been cancelled, and no other entertainment of the course will be given. The association, however, offer the following proposition to purchaser of season tickets: Any purchaser of a season ticket who may so elect may present the same to the secretary who is instructed to redeem it by payment of twenty cents, the same being the amount due on said tickets. Or holders of course tickets may utilize the same for admission to Alexander Bull's concert on March 7th, by the additional payment of fifteen cents for general admission or 30 cents for reserved seats.

The Library Association has made arrangements with Alexander Bull whereby a portion of the proceeds of his entertainment will go toward the library fund. The public is urged to give the entertainment a liberal patronage.
